Scan to discover and install

- 1 Scan, then tap "Open the app".
- 2 Add it to your home screen.
- 3 Settings: your baby's name and date of birth.

doantientai.github.io/Baby-care-tracker-/about.html

"It's 3am. Which breast last time? How long ago? So while Alex was breastfeeding, Taï started writing this app."

— Taï & Alex, parents of A.
